

Kanopy is an on-demand streaming video service that offers library members free access to a large collection of movies, independent films and documentaries. New films are added to the service each month.

Getting started

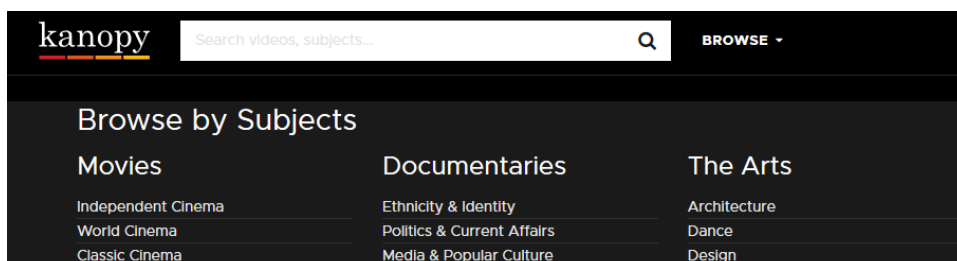

- Stream up to 10 films or TV show episodes per month. You have 10 play credits each month
- 3 days to view each film. View many times within those 72 hours.
- Play credits reset on 1st of each month
- Performance rights are included in the subscription, so that films can be streamed to an audience

Access

1. Go to rlq.kanopy.com.
2. On your first visit to the site, “Sign Up” to create an account.
3. Confirm you are a member of RLQ by putting in your library card number
4. On your next visit, log in using your Kanopy account details.
5. Your dashboard tracks your watchlist, viewing history and play credits.
6. **On your mobile device** download the Kanopy app and sign up or log in.

Find

Explore subjects by expanding the Browse dropdown menu or double-click Browse for a full list.

Rural Libraries Queensland
your local library network

View

- Click “Watch” to start streaming. Pause and continue watching from where you stopped the film. Check your progress in “viewing history”
- Create playlists for films of interest. Click when browsing to add titles

Classification system and R+ material

- Most films do not receive an Australian classification due to their non-theatrical release. Guides are available to assist users with their online selections.
- For R+ content, there is a click through for users stating they must be over 18.
- Kids Mode allows parents to 'lock' the platform to ensure younger audiences don't access the full platform.
- **Kanopy Kids** designed for pre-schoolers and up.

Hints

- Create clips or playlists to use later
- Transcripts and captions available
- Library membership includes access via **mobile apps**. Download the app via your store. Sign up or Log in.
